

Over half of LeadingAge members are senior housing providers—including market rate, subsidized and tax-credit housing providers as well as public housing authorities. As the voice of the not-for-profit continuum, LeadingAge advocates to expand the affordable housing supply. Our Center for Applied Research develops the evidence base to drive policy and funding changes, while our Center for Housing Plus Services is a knowledge hub for developing and implementing strategies. Together, our teams bring new partners and resources to the table to support the development of models that help residents successfully age in their community. We also reach out beyond traditional HUD programs into areas like the Low Income Housing Tax Credit, where we serve on the steering committee of the most important pro-tax credit organization.
